Wednesday, May 5
11:30 a.m. – 2:45 p.m. ET

Explore is designed specifically for middle school students. This event will create an authentic career-focused experience between students and industry partners that fosters meaningful and lasting connections relevant to the student’s future career.

Middle school students will explore career clusters and plant the seeds for their future. Students will engage in a live encounter with industry professionals to learn more about in-demand careers and build upon occupational identities.

For teachers, this is an opportunity to provide students direct connection to national industry partners who represent in-demand careers, meeting Perkins V requirements and, potentially, state education standards.

PARTICIPANTS WILL:

- Identify numerous career pathways.
- Try-on career pathways through interactive demonstrations.
- Plan how they can dig deeper into their future academic and technical education courses in relation to preparing for the world of work.

ESSENTIAL ELEMENTS

Explore is designed to develop the following Essential Elements of the SkillsUSA Framework:

- Professional Development.
- Self-Motivation.

OUTCOME STATEMENTS

As a result of attending Explore, the SkillsUSA mission is achieved by ensuring that members are able to:

- Identify career fields of interest as they learn about the 14 career clusters SkillsUSA serves.
- Develop personal goals as it relates to career exploration.

PLAN NOW TO ATTEND

Registration opens **March 15**. One-time chapter registration fee of $25 covers all of your students.
