2021–22 Total Participation Plan

The Total Participation Plan (TPP) is for High Schools and Middle Schools and the pricing includes students, professionals and a required educational resource cost. See the chart below to determine the total cost. A single school or multiple schools in a district or state can be on the same plan. Use the total number of student members between multiple schools to determine the student affiliation. Each school must meet the minimum number of members found in the Total Participation Plan Agreement section.

NOTE: You must have a school administrator username in the membership registration system to create the affiliation agreement online. Contact Patty Duncan at pduncan@skillsusa.org to set-up an admin username.

Total Participation Plan Agreement

Be sure your school can comply with all the terms and conditions before completing the agreement online.

By submitting an affiliation plan online, you agree to:

- register all eligible students and professionals within the SkillsUSA website. All students must be joined as members if they are enrolled in a career and technical class that SkillsUSA serves and is allowable by state policy.

- register at least 25 students and at least one professional for every 100 students. Your school(s) are responsible for ensuring member names are accurate and not duplicated. Once members are joined in the system drops and cancellations are not permitted. Your school is liable for paying for all registered members including duplicate member names.

- use the TPP educational resource credit to order and implement the required Career Essentials: Experiences to support my program(s). If, at the time I submit my TPP agreement I do not need to order the Experiences I will substitute an order of equivalent value for an optional TPP approved resource. Once a product type is selected on the TPP agreement, your credit can only be used towards that product type during the year.

- ensure that instructors and administrative staff understand SkillsUSA programs and the proper use of SkillsUSA materials. You agree to provide or arrange for any necessary training for affiliated professionals and will contact the state or national office and arrange for the necessary training.

- implement the SkillsUSA program to all eligible trade, industrial, technical and health sciences students and provide opportunities for eligible students to compete in local, state or national skill and leadership and skills competitions and participate in leadership training and conferences through SkillsUSA. If my school does not register members or participate in SkillsUSA events after the agreement is signed, I understand my school remains liable for payment.

I understand that:

- professionals receive incentives, affiliation mailings and critical contest updates via mail or email, and these may be missed if I fail to register our professionals by the specified deadlines. Students must be registered within the SkillsUSA website to qualify for future competitions and SkillsUSA programming.

- this is an institutional affiliation; therefore, all benefits are provided only to individuals registered as part of this affiliation. The affiliation and all the benefits cease immediately once an individual departs the institution for any reason.

- affiliation pricing includes student, educational resources and professional affiliation. I agree that once I sign and submit the affiliation plan that my school will pay the appropriate student, educational resource and professional affiliation based on the agreement. Members that are joined over the agreed student or professional count are subject to additional billing charges. Billing may take place during the year or after the national March membership deadline.

- **PAYMENT IS DUE** to the SkillsUSA national office no **later than 30 days** of the invoice date. SkillsUSA will generate an automated invoice and email to the contact on the agreement once the agreement is approved. The invoice will also be available online and will be mailed each month until paid.
