SkillsUSA TECHSPO
Held as part of the 2022 SkillsUSA National Leadership and Skills Conference

June 21–23
Atlanta, Georgia
Georgia World Congress Center
Establish your brand with more than 12,000 of the nation’s top technical education leaders!

SkillsUSA’s National Leadership and Skills Conference comes to Atlanta! With the move to the Georgia World Congress Center, SkillsUSA TECHSPO will be held across three competition floors in the midst of the annual SkillsUSA Championships. More than 6,400 outstanding career and technical education students — all state contest winners — compete hands-on in over 100 different trade, technical and leadership fields. Contests are run with the help of industry, trade associations and labor organizations, testing competencies that are set by industry.

What is SkillsUSA?

SkillsUSA is a partnership of students, teachers and industry working together to ensure our nation has a skilled workforce. SkillsUSA helps each student excel. The national, nonprofit organization serves teachers as well as high school and college students who are preparing for careers in trade, technical and skilled service occupations, including health occupations.

What is SkillsUSA TECHSPO?

As a CTE destination, SkillsUSA TECHSPO showcases the latest technology and its application by our future workforce, teachers and experts. Over 200 exhibitors at SkillsUSA TECHSPO are placed alongside national career competitions and leadership sessions that are shaping and celebrating our nation’s career ready students. Across three exhibition floors, interactive experiences inspire participants while industry connections are forged to enhance classrooms and develop the country’s talent pipeline.

More exposure and sales opportunities than ever!

All exhibits are on or adjacent to the competition floor. Put your products in the hands of teachers and students who will share them with their peers in schools and colleges in 53 state and territorial associations. You will meet key decision-makers in career-and-technical and school-to-work education as well as business and industry leaders.

Better targeting of the top career and technical students

SkillsUSA TECHSPO is held in conjunction with the SkillsUSA Championships. Select an exhibit location near a career cluster that’s right for you. Check out the floor map for more details. For a list of all the events that will take place, visit: https://www.skillsusa.org/events-training/national-leadership-and-skills-conference/agenda/.

Additional Benefits

Marketing Opportunities. Maximize your exposure and make sure your sales efforts add up by making other SkillsUSA NLSC sponsorship opportunities part of your marketing equation.

Advertising Opportunities. Reach attendees and all SkillsUSA members before, during and after the convention by advertising on the SkillsUSA Champions digital hub or in other digital or print publications. Check with your SkillsUSA partnership manager for the latest opportunities or click here for the rate sheet.

General sessions, advisor sessions and other special events. Capture specific audiences of SkillsUSA students and/or instructors. To learn more about all conference events and related recognition or marketing opportunities, contact: BPD@skillsusa.org.

NLSC Mobile App. The NLSC Mobile App is used by all attendees for conference navigation and scheduling. SkillsUSA offers enhanced listings, push notifications and rotating banners that drive users to your listing or events. The SkillsUSA NLSC 2022 Mobile app is available from the Apple Store or the Google Play Store.

Additional Opportunities. Many additional opportunities for exhibitors will be shared as we get closer to NLSC.

SkillsUSA Membership

394,400 Members*

*Five year average membership. There are an average of 17,500 sections (classrooms) spread across 4,100 SkillsUSA chapters (schools), with all 50 states, Washington, D.C., Puerto Rico and the U.S. Virgin Islands represented.

Nearly half (44%) of the students in SkillsUSA are from historically underrepresented groups by race and ethnicity (among those reporting).

CAREER CLUSTERS

In 2020-21, SkillsUSA had at least 1,000 member students in 14 of the 16 career clusters defined by the State Directors of Career and Technical Education:
