ABOUT SkillsUSA

WE ARE A PARTNERSHIP

SkillsUSA is a partnership of students, teachers and industry working together to ensure the United States has a skilled workforce. We help each student excel.

WHO WE SERVE

A nonprofit national education association, SkillsUSA serves middle-school, high-school and college/postsecondary students preparing for careers in trade, technical skilled service occupations.

WHAT WE DO

SkillsUSA’s mission is to empower its members to become world-class workers, leaders and responsible American citizens. We improve the quality of our nation’s future skilled workforce through the development of SkillsUSA Framework skills that include personal, workplace and technical skills grounded in academics. Our vision is to produce the most highly skilled workforce in the world, providing every member the opportunity for career success.

More than 650 business, industry and labor organizations actively support SkillsUSA at the national level through financial aid, in-kind contributions and involvement in SkillsUSA activities. Many more support state associations and local chapters. SkillsUSA, begun in 1965, is recognized by the U.S. Department of Education and the U.S. Department of Labor as a successful model of employer-driven youth development training.

WHAT IS CTE?

Today’s cutting-edge, rigorous and relevant Career and Technical Education (CTE) prepares youth and adults for a wide range of high-wage, high-skill, high-demand careers.

WHAT IS A CTSO?

SkillsUSA is a Career and Technical Student Organization (CTSO). These national nonprofit student organizations are an integral part of all CTE programs. SkillsUSA and other CTSOs develop citizenship, technical, leadership, and teamwork skills essential for students who are preparing for the workforce and further education.
