

2024-2025 PROGRAM GUIDE

NATIONAL
OFFICER
ELECTION PROCESS

Foreword

The National Officer Program Guide was created to assist SkillsUSA state directors, advisors and members in preparation for national officer candidacy. It provides an overview of the national officer program from beginning (candidacy) to end (completion of a year of service). Each section of the National Officer Program Guide provides information for state directors, advisors, members and parents to understand the expectations of a national officer, as well as clarifying the qualifications, rules and details of candidate events. In addition, we have provided preparation suggestions and resources for national officer candidates. We hope this all-encompassing resource will aid our stakeholders in better understanding the national officer election process and give an insight into the goals and objectives of the national officer program and the expectations of the national officers once they are elected.

Training Requirements of the 2024-2025 National Officer Team

During the annual National Leadership & Skills Conference, SkillsUSA delegates from across the country elect 10 high school (five at-large positions and five regional vice presidents) and five at-large college/postsecondary officers to serve as student leaders for the organization. These national officers serve in various roles throughout their year of service. As leaders, they serve as communicators, advocates and facilitators.

Being a national officer is the ultimate personal growth and student leadership experience within SkillsUSA. The programs focus on five key essential elements of the SkillsUSA Framework: Responsibility, Communication, Teamwork, Leadership and Professional Development. The skills learned through the national officer program will help these student leaders succeed in serving the organization throughout their lives and future careers.

ORGANIZATION BACKGROUND

SkillsUSA is a national career and technical student organization serving middle-school, high-school, and college/postsecondary students preparing for career and technical education (CTE) careers. SkillsUSA is America's proud champion of the skilled trades. Our mission is to empower students to become skilled professionals, career-ready leaders and responsible community members. We improve the quality of our nation's future skilled workforce by developing SkillsUSA Framework skills, including personal, workplace and technical skills grounded in academics. Our vision is to produce the most highly skilled workforce in the world, providing every member the opportunity for career success.

SUMMARY

The primary role of a SkillsUSA national officer is to serve SkillsUSA at the local, state, and national levels to support our organization's mission. Being a national officer means representing more than 350,000 SkillsUSA student members, as well as the principles and purposes of our organization at all times. In this role, an officer will communicate critical organizational information and promote career and technical education. As a student leader, each officer must be clear on their priorities, able to manage various tasks and projects and use effective time and stress management strategies.

Through this program, national officers are challenged to take risks, seek improvement, seek feedback and support honestly. National officers can risk boldly and step outside their comfort zone in a supportive environment. During the program, officers are taught advanced communication and facilitation strategies to implement within their work. National officers must have a desire to improve and be open to feedback. While serving on their respective national officer team, they must collaborate with their fellow national officers and support them sincerely.

National officers must understand the value of their current work and its future impact. Officers may have meetings or presentations with business and industry, government officials and educational leaders, all of which help shape the image and future of SkillsUSA and career and technical education.

A virtual orientation meeting will be held on June 11, 2024 ET at 2 p.m. During this time, the national officer candidate schedule will be reviewed, and time will be allotted for questions.

WRITTEN EXAM

On June 12, 2024, at 2 p.m., national officer candidates will take a proctored* 30-question, multiple-choice exam online via SkillsUSA Absorb. The exam will be based on material from the SkillsUSA Member Handbook and SkillsUSA national student bylaws. Candidates will receive their exam results via email by June 13, 2024.

CANDIDATE EVENTS AT NLSC

Business Sessions and Meet the Candidate

During the National Leadership & Skills Conference (June 24-28, 2024), Delegate business sessions and a Meet the Candidate session will be held. A full conference schedule will be provided in the spring, including these sessions.

Problematic Questions

National officer candidates will be moved to a waiting room during the Delegate Business Session and brought into the main session individually. Each candidate will be read the problematic oral question and have one minute to respond.

Campaign Policies and Procedures

Campaigning will be allowed at NLSC beginning from the announcing of national officer candidates at the NLSC Opening Ceremony through the close of voting.

In-Person Campaigning

For those candidates scoring 75% or higher on the written exam and advancing

through the interview, the candidate campaign material review process will occur on Tuesday of NLSC. Candidates should bring a folder containing their itemized statement of campaign material expenses form (signed by the candidate and advisor), receipts for each item purchased, and a sample of each campaign item.

The total cost of campaign materials may not exceed \$350. Candidates must provide the following for review:

- **An itemized statement of campaign material expenses form** (signed by the candidate and advisor)
- Receipts for each item, including those purchased or borrowed from your school.
- A sample of each campaign item
- Free-standing poster, banner or display board and stand/easel.

Failure to provide receipts for every item in your campaign will result in a disqualification of that item. Candidates may only include items that have been approved in their campaign. Violators of this regulation will appear before the nominating committee for disciplinary action, which could result in removal from the ballot.

Portfolios, easels, and awards are considered campaign materials and should be included in the cost. A receipt is needed for all the items purchased or borrowed from your school. Donated or borrowed materials must have documentation showing proof of fair market value before taxes.

The following costs should be applied to any donated printing:

- 8½"x 11" color copies (no color limit): \$.15/page
- 11"x17" color copies (no color limit): \$.30/page
- 8½"x11" black and white copies: \$.05/page
- 11"x17" black and white copies: \$.10/page

Candidates are encouraged to be creative in the design and use of their campaign materials; however, the following are not allowed:

- Food items, candies, liquids, or gum
- Glass items
- Balloons, frisbees, balls, bubbles or soap
- Items that fly or make noise
- Items with the potential or qualities of being harmful, e.g., mouth glow sticks

To display materials, candidates provide their free-standing poster, banner, or display board and stand (one board per person) not to exceed 24" x 36". This measurement includes any sides or flaps used in the poster, banner, or display board theme.

SkillsUSA will provide one table for each Georgia World Congress Center (GWCC) candidate. SkillsUSA supplies no other materials.

Campaign materials used in any hotel or the GWCC may not be taped to walls, doors, windows or surfaces. If campaign materials are found taped to any hotel or GWCC

surface, fines may be charged to the candidate.

Campaign clothing items bearing the SkillsUSA logo must be purchased from the SkillsUSA Store and adhere to **the SkillsUSA graphic standards**. Please see the SkillsUSA Brand Portal **here**.

Candidates are responsible for safely securing campaign items when they are not in use. SkillsUSA and the GWCC are not responsible for any items left on or under campaign tables. Security is not provided when the campaign area is closed.

All items are subject to approval by the Nominating Committee.

Online Campaigning

Candidates may campaign online and should use the hashtag #SkillsUSA2024Candidate via social media platforms to ensure the broadest reach for virtual campaigning. Candidates are strongly encouraged to utilize the portfolio they created as a part of the Career Essentials Credential coursework by posting it online and linking to it while campaigning on social media.

Suggested tools to create and post electronic portfolios:

- www.bulbapp.com/u/digital-portfolios-for-career-and-technical-education
www.carbonmade.com
- www.portfoliobox.net www.slideshare.net
- www.Linkedin.com

Candidates and their representatives (state officers, state directors, advisors, campaign committee members, parents, delegates and members, etc.) may **not**:

- Disclose the candidate's intent to run for national office or campaign in any manner before the announcement of candidates at the NLSC Opening Ceremony.
- Create or use personal, chapter, state, or national web pages, campaign websites or custom/personalized electronic campaign apps for any campaigning.

Acceptable campaign formats include posts on social media platforms, message boards, email messages, verbal communications and campaign slogans or hashtags. Campaign efforts – electronic and otherwise – are ultimately the responsibility of the national officer candidate. Social media tools can be more challenging to monitor than other campaigning methods, so candidates must be careful that anyone who may be campaigning on their behalf understands all campaign policies and procedures.

When using social media for campaigning, please remember that candidates represent their local chapter, state and national SkillsUSA in every post, photo and comment. Use the following Social Media Guidelines to ensure a successful campaign:

Be Professional – Your digital presence should be truthful, positive and spotlight your best self, whether something is posted by you or by someone on your behalf.

Be Fair – Post only during the approved dates/times; no paid advertising allowed.

Be Respectful – Make positive campaign posts; other candidates may not be mentioned in your campaign.

Be Secure – Moderate comments and photos on all platforms, approve/allow only tasteful ones, and meet the social media campaigning guidelines.

Be Responsible – Use common sense and good ethics when posting. Ensure campaigning positively represents SkillsUSA.

Be Accountable – Tell the truth about who you are and how you will serve the SkillsUSA organization as a national officer. Ensure everyone involved in your campaign follows the policies and procedures of campaigning.

Campaign Violations

If you believe a violation of campaign policies and procedures has occurred, please report it via email to Sara Cobb. Violating campaign policies and procedures may result in disqualification.

Voting

Voting for national officers will be conducted via an online system, secret ballot. Delegates from each state will receive their unique voting code to access the online system.

Preliminary Vote – HS only

A preliminary election is held for all regional vice president offices with more than two candidates if required. Each region's two top vote recipients will be listed on the final ballot.

Final Vote

For college/postsecondary, the five top vote recipients will be national officers.

For high school, the five top vote recipients from the at-large candidates and top vote recipients from each of the regional vice president officer positions will be national officers. Any unopposed office must receive a majority of the possible votes.
