

Fundraising Best Practices

These Fundraising best practices are from advisors who share what works in their classroom.

1

Choose fundraisers that are easy, fun, and unique; things that students can lead themselves with a little guidance. Whether it is selling items, organizing events, or doing community-based fundraisers, giving students ownership makes a big difference.

- Erica,
Southwest JH

3

Set fundraising goals early in the school year and then find fundraisers that will help meet those goals.

- Luis,
Jubilee Leadership
Academy

2

Find something simple to sell that people want and gives you the most profit.

- Amy,
Sleepy Hill MS

4

Collaborate with the high school chapter to raise funds together.

- Lisa, East Butler
