

Leadership Development Best Practices

These Leadership Development best practices are from advisors who share what works in their classroom.

1

Use both the SkillsUSA Pathful lessons and other print resources.

- *Connie
Nellie N Coffman MS*

2

Create numerous opportunities for your students to learn and lead.

- *Sheri
Pamlico County MS*

3

The Essential Elements are the foundation of all we do; they help students build skills, discuss how they 'show up', and develop a leadership process that works in all they do.

- *John
Cooley MS*

4

Expectations are important. We set expectations daily, weekly, and for projects or units. Students work towards those, and then I help them reflect by asking: What worked well and what could be done better next time?

- *Michelle
Clinton Junior High*
